

Marsh Pond Farm
Breeding Contract for Frozen Semen

*I, _____ hereby confirm my reservation to the Hanoverian stallion, Cabalito for the 2007 season to breed to the mare named _____.

* Fees for the 2007 Breeding Season

1. Booking Fee \$125 (Payable to Whitehedge Farm)
2. Breeding Fee \$1125.00 (Payable to Marsh Pond Farm)
3. Refundable Container Deposit \$850.00 (Payable to Select Breeders)
4. Shipping Charges (see Frozen Semen Request Form from Select Breeders)

These fees must be sent with your signed contract prior to shipment of semen.

*The breeding fee includes 2 initial breeding doses of frozen semen. Subsequent shipments will incur a \$150 lab fee. Semen is sent by overnight Priority delivery via Fed Ex or UPS. Shipping charges are billed by Select Breeders.

*A unit of Frozen Semen (as defined by industry standards) is a single insemination dose which contains a minimum of 600 million total sperm and upon thawing greater than 30% post-thaw motility. Cabalito's semen exceeds these specifications.

*Select Breeders will provide detailed instructions for thawing and inseminating the frozen semen as well as consultation with the veterinarian responsible for the insemination. Exact thawing protocols MUST be followed.

*Should the mare conceive after insemination with less than the total number of units received the remaining straws are to be returned to Select Breeders.

*I understand that my mare must be (ultrasound) examined by a Veterinarian 15-20 days after the last day bred and Whitehedge Farm notified of pregnancy status at that time. I further understand that my mare must be ultrasound between 35-50 days after the last day bred and Whitehedge Farm notified of her pregnancy status at that time or all live foal guarantees are null and void. Please initial _____

*This contract guarantees return privileges for the same mare to Cabalito during the course of Marsh Pond Farm's breeding season. The mare owner is guaranteed return privileges for 2 seasons following the initial breeding season if the above mare is examined by a licensed veterinarian and found to be barren at 55 days from the last date of service. Booking fees, container deposits and collection fees would still be owed by the mare owner. Please initial _____

*Should the mare not produce a live foal that stands and nurses, the mare owner shall be entitled to above mentioned return privileges. A statement of details by a licensed veterinarian must follow within 10 days or this guarantee becomes null and void. If the above mare should fail to conceive or carry a foal to term, another mare may be substituted with prior approval of Marsh Pond Farm. Please initial _____
